Chopping Board/Bread Board
Care Instructions

Manufacturing information:

This board is made from _____. It has been finished with workshop-made food-safe wax, made with beeswax, raw linseed oil and carnuba wax.

Aftercare:

Follow these guidelines to ensure your board remains in top condition:

- Hand wash the board in warm, soapy water
- Oil the board at least once a year with food-safe oil
- Store the board flat (not on its edge)
- Do not use vegetable or olive oils to refinish the board as they will go rancid
- Do not leave items such as cheese on the board for long periods as moisture can get into the wood and leave stains
- Do not immerse the board in water or wash it in a dishwasher
- Do not subject the board to significant changes in temperature (e.g. by placing it on a stove or radiator, or in a fridge)

Thank you for supporting an independent craftsman.
