

## David Stephenson Bespoke Fine Furniture

### **Kitchen Utensil Care Instructions**

#### Manufacturing information:

This kitchen utensil is made from \_\_\_\_\_. It has been finished with workshop-made food-safe wax, made with beeswax, raw linseed oil and carnuba wax.

#### Aftercare:

Follow these guidelines to ensure your utensil remains in top condition:

- Hand wash the utensil in warm, soapy water
- Wax or oil the utensil every few months with food-safe wax or oil
- Clean the utensil well after use and dry well
- Do not use vegetable or olive oils to refinish the utensil as they will go rancid
- Do not immerse the utensil in water or wash it in a dishwasher
- Do not subject the utensil to significant changes in temperature (e.g. by placing it on a stove or radiator, or in a fridge)

Thank you for supporting an independent craftsman.
